Pune, India

SUMMARY

Motivated Computer Engineering graduate with hands-on experience in full stack web development and frontend engineering. Skilled in designing responsive UIs and backend logic using Python frameworks. Strong problem-solving ability and passion for building scalable, user-centric applications.

TECHNICAL SKILLS

- **Programming Languages:** Python, JavaScript, HTML, CSS
- **Frontend:** Bootstrap, React.js, Tailwind CSS, Crispy Bootstrap5
- **Backend:** Django, Django REST Framework, Flask, Stripe API
- **Databases:** MySQL, SQLite, PostgreSQL
- **Tools:** Git, GitHub, VS Code, PyCharm, Jira

SOFT SKILLS

- Strong Communication and Presentation Skills
- Team Collaboration, Problem Solving
- Adaptability and Quick Learning

EDUCATION

- **G H Raison College of Engineering and Management** Dec 2022 – Jun 2025
B.Tech in Computer Science and Engineering
- **MIT Polytechnic** Aug 2019 – Sep 2022
Diploma in Computer Science

EXPERIENCE

- **Python Django Developer** Protegk IT Solutions
Jan 2026 – Present
 - Developing full stack web applications using Python, Django, and Django REST Framework.
 - Designing scalable backend APIs and integrating them with responsive frontend interfaces.
 - Working on real-world projects focusing on performance, security, and maintainability.
- **Jr. Software Engineer** Cravita Technologies Pvt. Ltd.
Jul 2025 – Dec 2025
 - Developed full stack web applications using HTML, CSS, JavaScript, Python (Flask, Django).
 - Built responsive UI components and integrated backend logic with RESTful services.
 - Collaborated with team members to deliver features and debug production issues.

PROJECTS

- **Django E-commerce Website** 2025
 - Built full-featured e-commerce platform using Django allowing users to browse, search, and shop products.
 - Integrated user authentication using django-allauth with social login support.
 - Used django-crispy-forms with Bootstrap5 for responsive UI and django-tinymce for product descriptions.
- **Spotify Clone Web App** 2025
 - Built responsive music streaming app using Flask and Bootstrap.
 - Designed interactive UI with playlists and music controls.
- **Restaurant Website – The Punekar's Plate** 2025
 - Developed modern responsive website showcasing Maharashtrian cuisine.

CERTIFICATIONS

- Advanced Prompt Engineering with ChatGPT – upGrad (2025)
- What is Generative AI – LinkedIn Learning (2025)
